WE ARE YOUR PARTNER FOR EXHIBITION & EVENT LOGISTICS

TRUST IN US!

**Main focus
CIS & Baltic States,
Eastern Europe**

BTG Expo GmbH

Founded in 2008, BTG Expo GmbH specialises in logistics for trade fairs and events in the CIS- and Baltic-States as well as in Eastern Europe in general. Our concentration lies especially on events in Russia, the Ukraine and Kazakhstan. Numerous national and international exhibition organisers have already appointed BTG Expo as their exclusive forwarding agent.

At the major exhibition venues in Moscow, such as Crocus Expo, Expocentr Krasnaja Presnja and Sokolniki Park, BTG Expo GmbH runs its own offices, which serve the exhibitors as a contact centre for the exhibition handling and for any possible questions or problems, which may arise.

BTG Expo employs highly qualified and well-trained personnel, who are familiar with the respective countries and their people and who speak their language. BTG Expo also offers professional competence and know-how as well as first class international connections and contacts to customs authorities and related government departments.

Experts not Experiments

Whether you participate in an exhibition in Moscow or in Kiev, St. Petersburg or Almaty or elsewhere in Russia or the CIS countries rely on the exhibition forwarder, who offers professional transportation and on-site services and helps your participation to become a success.

Let us take care of everything: planning, organisation, documentation, transportation, handling, insurance, on-site assistance - these are all just part of the comprehensive service you will receive from BTG Expo GmbH
